

HSNT 4th ANNUAL ORATION HON WARREN SNOWDON

Warren, a veteran of 35 years in Federal Parliament, delivered the oration on Sunday 6th November 2022. Some 30 members and guests enjoyed his reflections on the changes that have taken place in Indigenous communities and Aboriginal rights in those years. Though there have been many improvements Warren emphasised the need for more, such as Constitutional change, a voice in Parliament, a Treaty and a Truth Commission. Matt James, Society President, expressed the Association's very real gratitude to Warren for coming from Alice Springs to give the oration.
