

HSNT 3rd Oration held at History House on 24 October 2021

Michael Wells, Director of the NT Government's Heritage Branch, spoke about a WW2 crashed Spitfire fighter located in Litchfield National Park. The wreck of the Spitfire fighter had virtually remained untouched until it was discovered in 2016. The pilot of the aircraft, Flight Sergeant Colin Duncan, managed to parachute to safety but had to wait 5 days to be rescued. A short film depicting the pilot's own words on his escape was shown. A very touching story that brought tears to our eyes and cheers from the audience.
