

Launch of John Myers' book *Mess to Mayhem* at the Central Australian Aviation Museum on 5 October 2021.

John Myers was unable to come to the Territory for the launch (Covid of course) so he virtually attended.

With the help of a couple of clever, but cryptic 'techs' this was successful. There was some anxiety as we moved to 5.00pm but this was soon assuaged as the seats were overfilled.

Brian Reid was delighted to find a 'Dove', shades of VJY, in the museum.

While Lyn Reid sold some books.

There was, by chance, Yvonne Forrest and also one of our authors, Jose Petrick, aged 97.
